Human beings are constantly looking ahead. Whether the matter is something trivial, like the weather, or more important, such as a career choice, people attempt to project their lives into the future.

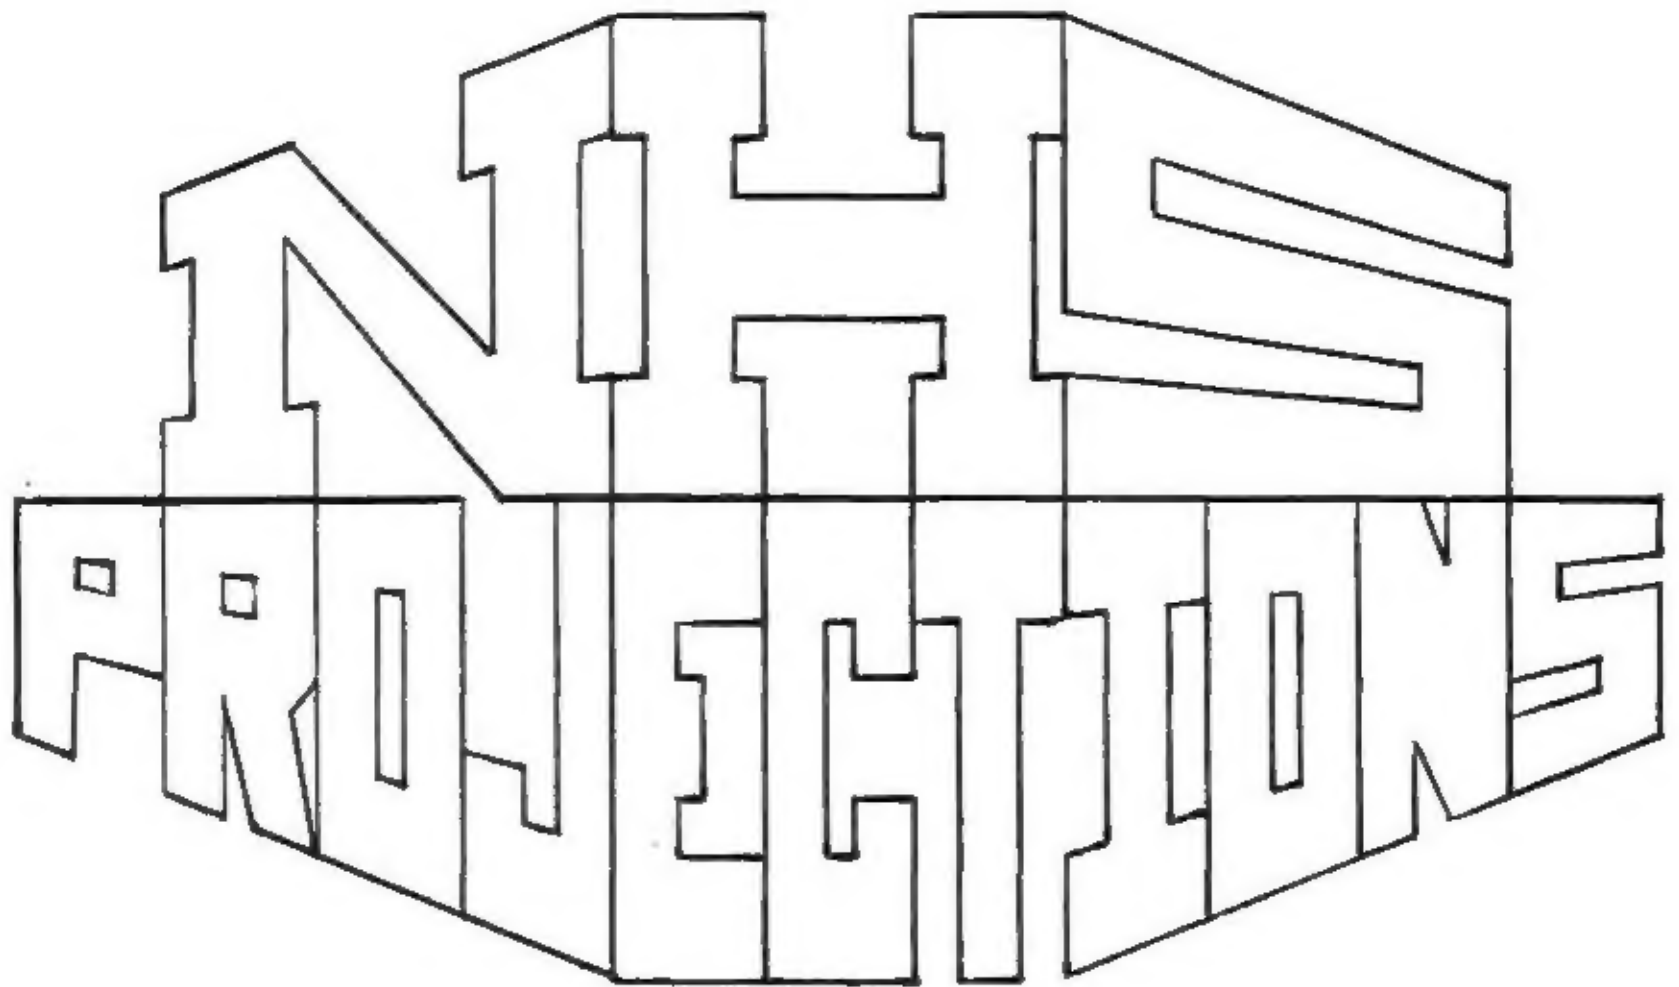

Lepanto '84: Projections wants you to look forward into your life. As a young adult, you have much to discover and plenty of years in which to learn. Your choice for the future depends on what you want to gain.

Not only does what you want to gain influence the life ahead of you, but what "the future" will be also affects you. For example, since the future will be computer-oriented, courses teaching the uses of computers are available now in most schools. What we expect the future to be determines our learning today. The "future" is someplace we make, not somewhere we're going.

Therefore, the two questions that are essential in determining life ten or twenty years from now are, "What do I want to gain?" and "How can I make my future in the future?"

Projections: '84 serves the future by reminding you of your past. It reminds you that whatever you make of your future will always have glimpses of your Nolan past in it. We hope these pages add to your glimpses.

IN OUR OPINION . . .

Ms. Mize Is The One For Lepanto '84

Left-Freshmen get smaller every day.

Above-Could I have your name, please?

Below left-Ms. Mize in her element.

The 1984 staff counts among its friends, many advertisers, parents, teachers, and administrators. However, there are, as with all long range projects, certain people who remain interested longer than others. For Lepanto '84, one of these long-time admirers is Ms. Danice Mize.

We of the 1984 Lepanto staff would like to acknowledge her continuing interest, humor, friendship, and creative teaching abilities by dedicating **Lepanto '84: Projections** to her.

Thanks, Ms. Mize, for just being you.

Nolan, like most institutions, must try to project the needs of tomorrow, today. In order to better itself for the future, Nolan is planning several expansions and improvements of its athletic and academic facilities. The track in the rear of the picture is the first of such expansions.

Das right, we bad!

Posters were up Saturday afternoon for the upcoming week- October 10 to 14- SPIRIT WEEK! Monday morning the usual questions were floating through the halls: "Who's hall is this" "Hey, what's your theme?" "Have you gotten a date yet?" "What color is your dress?" "Everyone's meeting at Winfield's!"

As spirit built up, each class promoted its members to peak pep and the rally was off with cries of "We've got spirit! Yes, we do!" This year the sophomores out-yelled the rest and walked away with the spirit stick.

... HOMECOMING '83

When Spirit Week drew to an end, Nolanites were ready for the grand finale- the annual Homecoming dance. Passing by the crowded tables you could hear: "Can you believe she came with him?!" "I just **love** your dress!" "Did you see that mum?" "Who is this Andy Barber guy?"

New couples, old couples, and odd couples all danced to the 92½ Sound and Light Show. Even some NHS alumni returned to enjoy the dance. But who could compare to all those album winners? Disco Dan, that's who.

Oh no, I just sat in some lemonade!

1983 HOMECOMING COURT

Viking fans gathered at Country Day on Saturday the 15th to cheer the football team on to victory against Greenhill. In the midst of band music, a drill team performance, and, of course, blue and white balloons, Rose Colvin was crowned the 1983 Homecoming Queen. Her court included Denise Delgado, Karen Daskocil, Melinda Rodriguez, and Leslie Shaw. Congratulations, girls!

After the presentation, Vikes went on to challenge the Hornets, but were defeated. Nevertheless, it takes more than a loss to dampen Nolan spirit!!

SPIRIT MASS

Michelle Thomas receives the Eucharist from Fr. Publius Xuereb

Nolan's annual Spirit Mass was held on August 31, 1983. Students and faculty gathered in the gym to hear the Mass, which was celebrated by Fr. Dan Williams, Rev. Howard Hetzel, and Rev. Bill Paiz. Nolan's spirit for the forthcoming year was proclaimed by the installation of the student government leaders and new faculty members.

LOOK MOM, NO FEET!

Howdy Week festivities - the week of September 6 to 10- gave freshman and new students a chance to meet the "old-timers". Whether or not the freshman made any new friends, they learned several new skills: riding tricycles - ever seen a 6 foot freshman on 2 foot tricycle?; costuming - ever seen a crab walking down a crowded corridor?; and proposing - ever seen Jason chase Beth? but will it last?

The freshman managed to live through the week despite all their new skills and various forms of water torture indiscriminately administered by senior boys.

For their endurance, the freshmen were rewarded with a sack lunch picnic around the Student Center complete with sack races and megaphone-spinning.

Howdy Week '83 gave the freshman a look at the sophisticated attitudes of Nolan upperclassmen. Once they got their look, however, many of them wanted to get on their tricycles and ride home.

GREEK TOGA DANCE?

No comment

and they danced.

This year, the combined effort of the Freshmen and Sophomore Councils produced Nolan's first Toga Dance. Although no plate breaking was reported by chaperones, Nolanites did pass the evening cavorting about in sheets and other types of Greek attire. The result was a night filled with music, laughter, and lots of Coca-Cola!

FRESHMAN RETREAT

The first retreat experience is always a little chaotic. Five buses strung out in a long yellow line managed to reduce the chaos to community. Two hundred and thirty Freshmen plus assorted Juniors and Seniors and Faculty members filled almost every room at the Community Center at Richland Hills Church of Christ for the 1984 Freshman Retreat. The theme of the day was captured in a banner proclaiming TO GATHER TOGETHER IS WHAT IT'S ALL ABOUT!! The gatherings started with small groups chaired by Junior and Senior facilitators and ended with a Mass celebrated by Fr. Howard Hetzel.

JUNIORS STRENGTHEN

January 25, 1984, was an important day for the Junior class in strengthening both their community and class unity. Fr. Bill and Fr. Larry presided over Mass, which was at All Saint's parish. Stacy Montgomery, Tammy Kubitza, and Toni Ubinger prepared the slide show that was shown during Mass, and afterwards, Sophie Pendergast, Mr. Child, and Bro. Tony presented the class with the long-awaited rings. Everyone then attempted to find their way to Furr's Cafeteria for lunch, where Bro. Tony spoke to the class about their responsibilities as Nolan students and as next year's seniors. All in all, it was a very special day for the seniors of 1985!

NOLAN EXTRAVAGANZA

The Extravaganza combined the flavor of burlesque with the flair of Nolan actors and actresses in various short acts. These acts were tied together by Masters of Ceremonies: Ann Gerrity, Stephanie Walker, Nick Bettinger, and Curt Koehn. The show included such acts as Ewok Celebration, Flapper's Ballet, Anchors Aweight, Quick Stryck, For Women Only, Puttin' on the Ritz, Telefone, Thriller, Sensational 60's, and performances by the Nolan Show Choir.

Missy Strickland delivers the Second Reading

Seniors '84 listen to the Gospel of Luke

On May 24, 1984 at Most Blessed Sacrament Church, graduates, faculty, family, and friends gathered for the Baccalaureate Mass. The theme of the Mass was a journey along the road. Fourteen seniors and six faculty members performed a mime to the song "Along the Road" as a meditation. The Mass was a beautiful ending to the seniors' years at Nolan.

MARIAN AND CHAMINADE

Karen Dorskocil And Tommy Darwin

Karen Dorskocil, the daughter of Mr. and Mrs. Benjamin Dorskocil, is a member of St. Maria Goretti parish. Karen has been active in Student Council at Nolan for two years. She also enjoys playing softball and sewing.

Karen will attend University of Texas at Arlington where she plans to pursue a career in Fashion Design.

Tommy Darwin is the son of Mr. and Mrs. Herbert R. Darwin. He attends St. Peter's parish. Tommy has been a part of the student government at Nolan for four years. He was active in Pastoral Ministries, helping with Masses. Tommy was also a member of the National Honor Society and Valedictorian of the Class of '84. Tommy will attend Trinity University in San Antonio and major in Physics.

After four years of hard labor, the moment finally arrived. Graduation. Seniors took their final steps across the stage in Texas Hall at UTA. The graduation ceremony was highlighted by a slide show of the candid class of '84. Following the slide show were speeches by Valedictorians Tommy Darwin and Wendy Erisman, and Salutatorians Kelli Bingham and Cara Colella. Judge Michael Schattman and Mr. Terry Blair awarded the diplomas to the eager hands of the graduates. ALLRIGHT!!

FOOTBALL PHILOSOPHIES

Football, from a coldly rational and physical view, is stupid. It is a game where 22 fools in ten pounds of plastic run around a rectangular pasture butting heads and grunting like buffalos. But football is not a coldly rational or physical game. It is a game of feeling, emotion, and most of all, heart. Heart is not something you see often; you do not look in the mirror and see "HEART" and "DESIRE" staring back at you. Rather it is something that comes out in testing times, when you are faced with the choice between quitting and pushing on. In football, every play is a test and to excel, you have to push yourself every play. When you're so tired and sore you can barely stand up and when the game is at a turning point, you can either lay down and die or suck it up and get after it. That is when your teammates have heart and you can see in their eyes and even more important in yourself. That knowledge, that rare look into what you're made of, can provide an inner strength that can support you in the greater tests of life.

Sean Fitzgerald

Football will help young men in their future in many ways, starting with discipline. Young men who play football discipline themselves to hard work, promptness, and respect for authority. Also, playing football aids these young men to learn responsibility. When playing football, an individual has to give up a lot of the luxuries of going home after school. This in itself prepares young men for their future jobs and having to work every day. Also, the respect for authority helps them in their future when having a supervisor or boss.

Probably the most important thing a young man learns when playing football is teamwork and unity. It teaches them how to get along with others. In conclusion, some other things that an individual would learn playing football would be knowledge of the sport and the rules, the importance of physical fitness, and, lately, personal hygiene. These things and many more are extremely important to a young man's future, especially in today's sports oriented society.

Coach Doug Gollahon

The game of football, brutal and punishing, as it may be, is well worth the time and the effort that an individual puts into the game. Life is, in many aspects, like the game of football. It is hardhitting and punishing on the player, and it takes its toll on everyone.

The game of life has its first downs, loss of yards, and its goals, as does football. Football has given me something that not many other sports can give a person. It has impressed upon me qualities of leadership, and it has given me the realization that nothing in life comes easy and if you want something bad enough then you will always do your best to get it or accomplish your goal.

But the greatest things that I have acquired from football are friendship and a team unity that I believe will always be among my teammates and I

VARSITY STRIDERS

Varsity Track had to adjust to a whole new set of rules upon entering the TAPS league this year. Rather than qualifying for the spring state meet by placing first or second in events at one district meet, the members of the track team had to qualify with a certain time or distance at each regular season meet. The NHS runners found that this approach took some getting used to. Cries of "Run for times, not to place!" echoed over the infield as Coach Nelson encouraged his team. By the middle of the season, the team was fully represented in each event. The results: a second-place finish for the girl's team at State, and a commendable attempt to place by the boy's team.

More Than Just Good Athletes . . . Most Valuable Players

Perhaps the best way to define an MVP is to quote Coach Bob Briggs' statement at this year's Sports Banquet: "The Most Valuable Player isn't necessarily the star athlete; he isn't the guy who gets the most points or who has the most assists. He's the athlete who can give up personal glory for the team. He is the player who shows leadership during games and practices, who works his tail off, and who plays as best he can for the good of the team."

MVPs in girl's sports: Chrissy Heinke-Tennis, Susanne Widmer-Soccer and Cross Country, Missy Echevarria-Volleyball, Mary Morgan-Track, Claire Ashour-Basketball. Not pictured: Amy Ragsdale-Softball

Due to a bad flash, we are not able to print a photo of the boy's sports MVPs. However, these fine athletes are: Will Angus-Tennis, Ben Saladino-Cross Country, Eric Widmer-Soccer, Ed Newman-Track, Robby Snelus-Basketball, Richard Pena-Golf, Jim Herman-Baseball, Nick Ibarra-Football

NHS SPORTS BANQUET HONORING OUR ATHLETES

Things went a little differently at this year's Sports Banquet. For one thing, the coaches spoke a lot less! In addition to announcing the Most Valuable Players, each coach handed out Varsity letters to those of his players who earned them, as well as certificates of participation to the non-lettermen. The Sports Banquet is sponsored each year by the Nolan Viking Sports Club.

Uh, Coach. I think I lost a certificate

Coach Gollahon congratulates football MVP, Nick Ibarra.

You mean I actually **won** this medal at State!?

Just take it and sit down, Mandy!

Karina leads the beat.

Above: Peter and Sean get in on the action

Left: "You've got ring around the collar!"

Below left: Come on Sean, get off the dance floor. We wanna dance!"

To say the least, the Junior High's dances this year were FUN, even if the DJ was a little hard to get along with! Highlights were Miss Plumlee's dance lessons (which quite resembled the aerobics class at President's health club), the music, and the aid of a couple of senior guys who came along to help with the dance lessons. Overall, the reaction from the Junior High: "It was fun! Let's do it again!" You can bet that they will!

JUNIOR HIGH SPORTS

We're real men.

These boys work hard.

No! Not more drills!

Hide before Coach Liz makes us run another lap!

Somebody tell this boy that he's going to break his wrists

THE TEAMS . . .

He can fly!

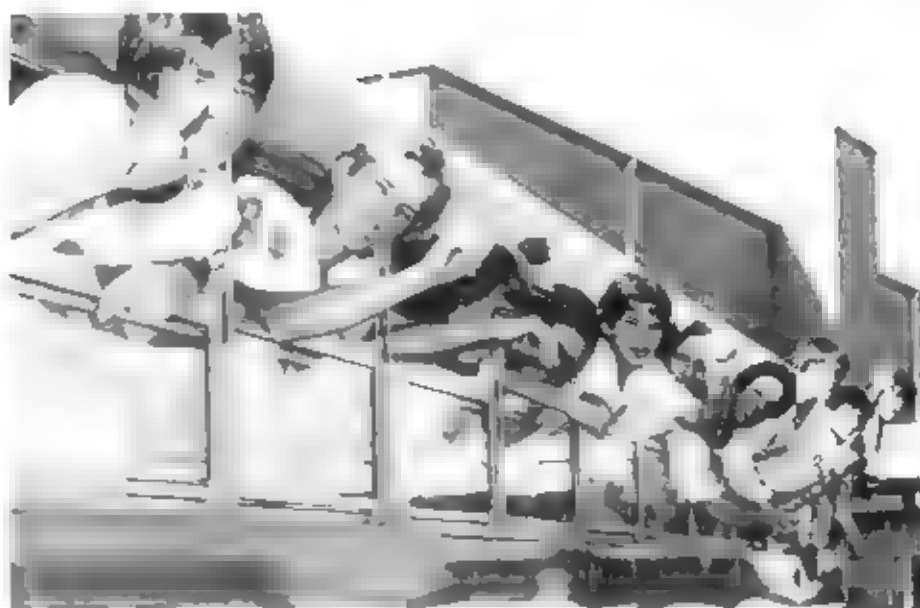

The 1983-1984 school year brought a major change in Junior High athletics. The addition of a football team and both boy's and girl's track teams rounded out the athletic program, which also included boy's and girl's basketball and girl's volleyball. Besides the new sports, there were new coaches: Diane Urey and Bro. Bruce Dean, and a few volunteers: Tony Drollinger, Paul Hernandez, Pat Horrigan, Sam Padilla, and Liz Foley.

Although the size of Nolan's junior high increased to 122 students this year, only a few participated in sports. However, those that did participate worked hard, even though there was often confusion as to rules and skills during practices! In spite of the expected hassles of organizing teams ("Did you get a uniform?" "Did you turn in your eligibility card?" "PLEASE, be at OLV half an hour before the game starts!"), these young athletes and coaches put their hearts into their sports.

Nolan High School should be proud of it's youngest group of athletes. They are the next people to build our senior high sports program, and their dedication and discipline will show in the years to come.

I'm not doing that.

We're ready to kick some —!

This team is so cute!

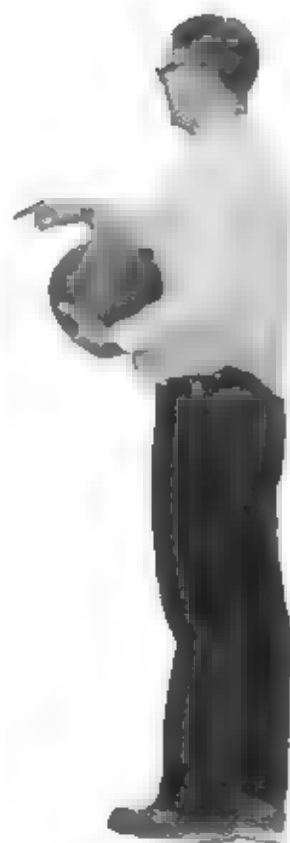

... AND THE COACHES

Coach Urey's method of "Evangelistic coaching"

He's a touch coach.

Bro. Rich points the way.

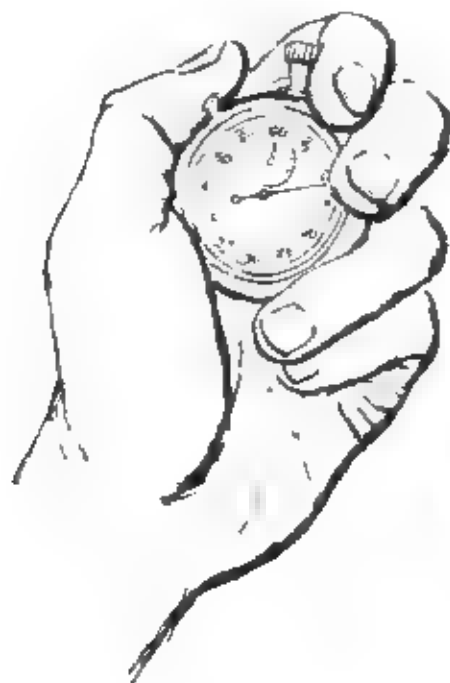

I could be doing better things with my time.

He's not a JH coach, but we like the picture!

Profile! Profile!

Ah, don't walk away!

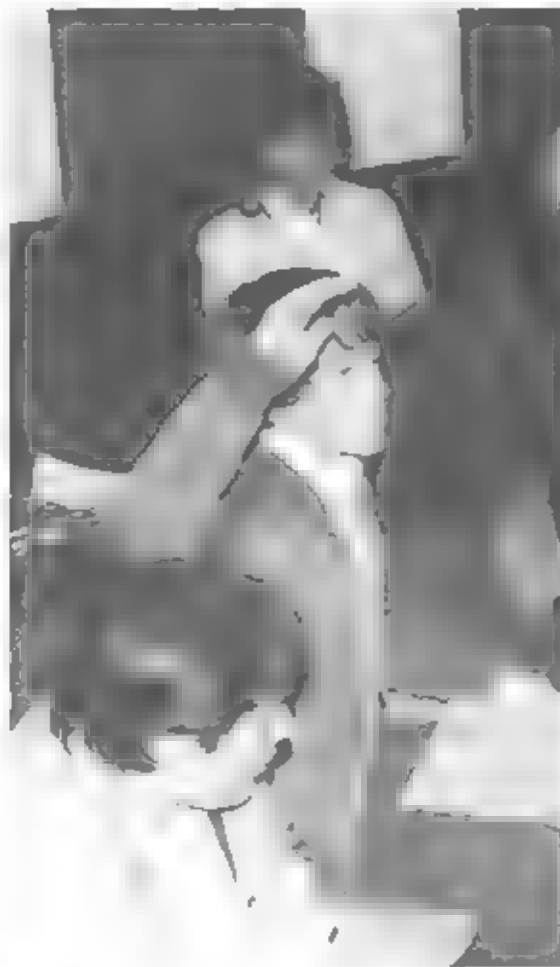

JR. HIGH GOVERNMENT

83-84 Jr. High Council (L to R): Jean Child, Jonnie McCleary, Kim Beyer, Terry Roach, Betsy Koch, Mrs. Bark-moderator, Matt Hunter-Activities Chairman, Lynda Duckering-President, Nina Hernandez-Secretary, Andrea Kozol, David O'Quinn-Treasurer, Lawrence Vega-Vice President, Amy Crayon, Dawn Dudley.

But **why** can't we get Duran Duran for the dance?

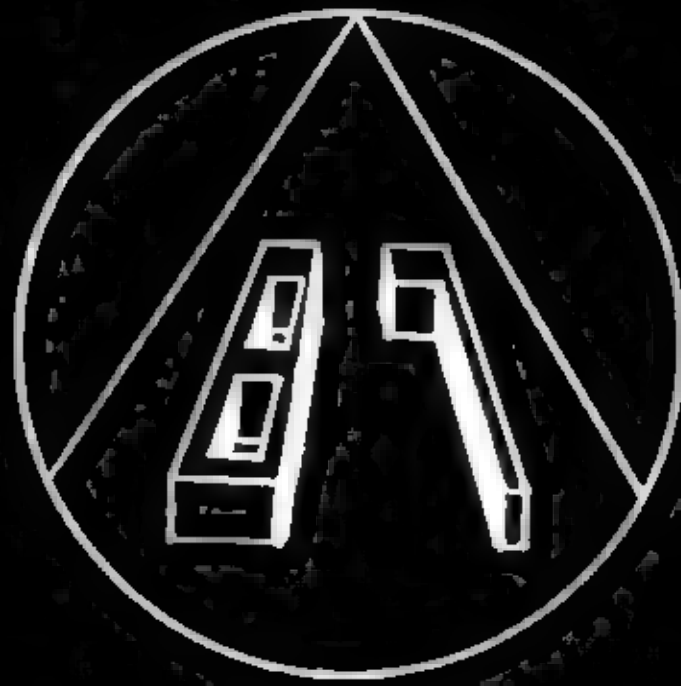

Matt always has something to say

October 1983 marked the beginning of a separate student council for the Nolan Junior High. Eight home room representatives and five officers were elected after a spirited campaign with many highly qualified candidates. The council president, secretary, activity chairman and four representatives were elected from eighth grade candidates while the offices of vice-president, treasurer, and four remaining representatives were filled by members of the seventh grade class.

The Nolan Junior High Council has assumed responsibility for creating projects and activities which recognize the student leaders, provide additional opportunities for leadership, and meet the student body's needs for appropriate social events and community involvement.

Is There Life After N.H.S.?

Whereas in times past, men and not a few women found it likely to write down their premonitions of things out of time, out of sight, and in the future, to wit, the enduring prophecies of the man, Nostradamus; the man, Orwell; the woman, Lygeia; the man, Cayce; the woman, Dixon; And whereas these prophets have given cause for both sorrow and rejoicing, but little insight into the various characters who will indeed make up the future; And whereas the characters who will people the future have earned each of them the notoriety associated with their habitation in and about the environs of the high school known as Nolan; Now therefore be it acknowledged that a new band of prophets has made its way into the pages of history via the time-book known as **Lepanto**; and that therein they have made the following prophecies regarding the characters who have crossed their paths as they wended their weird way outward from the school called Nolan. To wit, the future will find itself peopled with the likes of:

Ernette Alford will be giving "blue-light" specials at K-Mart, where **David Peet** will be working as head janitor. **John Anderson** will be a computer scientist. **Steve Ansley** hopes to become an architect. **Leslie Austin** and **Michelle Ellis** will become models for Vogue. **John Barrera** will open a "banana" fruitstand at the local supermarkets, **Debby Belisch** hopes to be the manager of Winn-Dixie, with **Bradlea Bovenkerk** as head cashier. **Dan Tye**, on the other hand, hopes to own his own Skaggs Alpha Beta someday, with **Barbara Price** working as assistant manager. Also working at Skaggs will be **Tom Norton** as the highest paid bagboy, and **Dan Dailey**, who hopes to work as head butcher at the deli.

A number of the Seniors of '84 want to go into sports. **Tony Blaas** will be a ball chaser for the

famous tennis - pro **Kaatia Demaere**. **Patricia Burse** and **Kristin Horrigan** will be the first women pro-basketball players for the Boston Celtics. **Denise Delgado** and **Yolanda Belmares** will be the captain and co-captain for the Dallas Cowboy Cheerleaders. **Denice Galier** and **Gordon Guild** are going to become surfing bums and move to Florida. **Rhonda Guevara** will become a world champion ice-skater. **Tony Hernandez** is hoping he'll be good enough to caddy for Lee Trevino. Lastly, **Anne Heinke** hopes to become a sports medicine trainer for the gymnasium that **Vince Higgins** will own.

Many of our fellow classmates hope to follow a religious vocation. **Nick Bettinger** and **Duc Nguyen** hope to become the two head priests of St. Andrew's Catholic Church. **Sean Fitzgerald** wants to be president of the National Altar Boy Society. **Paul Combs** hopes to be "Mother Superior" of the convent, and prays that he'll be working closely with **David Underwood**-the first American Pope.

Marriage is figured prominently in the lives of our 1984 graduates. **Liz Foley** hopes to be married to John Taylor of Duran Duran. **Linda Franko** hopes to marry Steve Perry of Journey, with Bryan Adams as Best Man. **Tim Cooper** and **Shannon McGoey** plan on getting married and living on a houseboat on the Atlantic Ocean-or is it the Pacific? But anyway . **David Wise** and **Chris Hromcik** hoped to be married someday, maybe not to each other, but married all the same. **Robby Snelus** will be marrying the 1984 Nolan High School Drill Team. Lastly, **Marc Rose** and **Angela Torres** both have marriage on their minds(but first they need to find some dates)

Some of the 1984 Seniors want to enter the exciting field of medicine. **Cornelia Martinez** hopes to be a doctor. Her staff of nurses will

include **Mary Margaret Ipser**, **Kathy Johnson**, **Kim Martin**, and **Christie Lane**. **Margaret Mitchell** and **Carolyn Tarsha** both want to become experimental psychologists. **Stacey Cole** wants to become a plastic surgeon. Working steadily beside Stacey is **Phillip Hunter**, a prominent mad scientist. **Debby Dailey** and **Michelle Hough** are going to open a veterinary clinic. **Susie Peterson** hopes to become a physical therapist. **Paula Collins** is enthusiastic about becoming a dental assistant, and **Omar Gomez** feels that he'll make a good physician. Lastly, **Leslie Shaw** believes she'll be a good child psychologist (considering her first patient is **Matthew Vaughan**, who thinks he is Isaac Newton.)

The glamour of show biz has caught the eye of several of the 1984 grads. **Marilyn Rising** dreams of becoming a famous stage and screen star. **Laura May** will be the next Vana White for Wheel of Fortune. **Darrin Snyder** will be taking over the role of Curly in the Three Stooges. **Claudia Montani** hopes to become a comedienne, working closely with Eddie Murphy. **Mike Tice** will become the new stand-up comic at the **Comedy Corner**. **Drew Mundon** will be the new star of the famous T.V. "Kung Fu Unicorn." **Kathy Swihart** will become the lead dancer of the Rockettes. **Dorothy Paullin** will be a world-famous opera singer. **Joe Rach** dreams of starring in the new movie - "American Gigilo II". **Wendy Erisman** prays she'll be the roadie for Duran Duran. **Scott Losoya** will be a photographer for T.V. Guide. **Susan Caesar** hopes to become a film critic. And, lastly, **Patty McCoy** will star in the Clairol Hair Commercials.

Rita Clay hopes someday to become a successful business woman, while ol' **Patty Downing** will still be sponging off her parents while living at home. **Sally Gressett** hopes to become the new gym instructor of U.T.A. **Sherry Daniel** hopes to graduate from there some day, while poor **Valerie McGarry** will still be trying to get in. **Michele Chaney**, **Patty**

Passow, **Melinda Rodriguez**, and **Camille Wood** all dream of owning their own worm farm in Utah. **Mary Borkowski** and **Thu Nguyen** will take over the roles of Mr. and Mrs. Goodwrench. Finally, **Sam Padilla** and **Veronica Sanchez** will be the new heads of the Low Rider's Association in Fort Worth. **Phillip Sams** hopes to construct the new bank building that **Julie Ford** will someday own. **Francey Freeman** hopes to become the new bouncer at Max Minors where **Paul Hood** works as the star of the show. **Karla Cole** will be spending the next twenty years in Huntsville as a counselor. **Jamie Carroll** hopes to become an interior designer. **Jeff Levie** will be living with Scott McDonald and Jeff Sisk, hoping to find some construction work. Lastly, **Theresa Narey** will be starring in silent movies. Her new one is called "The Tahitian Torch". **Curt Koehn** will also be doing a new movie called "Flame in Tahiti".

Peter Pearce hopes he'll be smart enough to enter Garbageman's University. Good Luck Petel! **Gloria Gonzalez** will be the new chairman of "The Society of Mime". **Rose Colvin** hopes to become the new Miss America.

Next to her will reign our new Mr. America, **Ricky Hatheway**. **Simon Konzem** hopes to someday manage a new rock band consisting of **Jeff Muise**, **Mark Windsor**, and **Ozzy**. **Ann Newhouse** hopes to someday become a mother of twenty. (Twenty what? We're not sure!) **Christy Johnson** will disappear into the Colorado mountains. However, **Kelli Bingham**, the world champ snow-skier, will rescue her. Lastly, **Laura Martinez** and **Mandy Goad** hope to become high-tipped waitresses at Sambo's.

Angelica Maldonado and **Kelly Powers** are going to be spokeswomen for Party Unlimited. **Andy Peterson** hopes to be in the Marines someday. **Mike Lindner** will be the new head waiter at Pancho's. **Marc McMahon** and **Cynthia Roggen** are going to be opening a new hair salon called Butch Em'. **Karen**

Doskocil will be the new president of the Debby Boone fan club. Speaking of presidents, **Amelia Maquire** hopes to someday be President of the United States. **Christine Lammers** will be the new writer for "The National Enquirer". **Chuck Royes** will be a commercial air pilot. **Tricia Leahy** and **Ann Gerrity** will both be involved in unemployment. **Ellen Maschino** hopes to become a history researcher. **Ed Newman** hopes to someday become an aerospace engineer. Lastly, **Trey Northcott** will be the world's fastest talking vacuum cleaner salesman.

Dee Dee Kliever will be the new manager of Six Flags, where she'll go by the name of "Breezy". **Cara Colella** hopes to someday be rich, famous, and smart, but she will still be poor, unknown, and stupid. **Jeff Collison** will will someday be training the dolphins at Sea World. Speaking of animals, **Tom Walsh** hopes to become an architectural designer for zoos. **Bev Dolenz** will be the proud owner of "The Red Parrot" night club.

Natalie Dillon aspires to be a stewardess. **Steve Nieswiadomy** will become a U.S. Senator. **Felipe DeArana** envisions a life as the Spanish translator at the United Nations headquarters. **Stephanie Walker** is going to be the new representative of the Volkswagen Corporation. **Blair Hancock's** fashion designing will make him as rich as Norma Kamali. **Holly Hinkson** will be opening a new store called "Pink Pig Paraphernalia". **Thuy Nguyen** hopes to become an Oxford scholar. **Billy Scott** will become a race-car driver of "Team-Ream". **Laura Caero** hopes to become an accountant for Fraudulence Unlimited, Inc. **Todd Dillenbeck** will be later joining **Karla Cole** in prison for grand larceny. **Brian D. Barrett** owns his own art studio in New York. **Theresa Rosas** hopes to become a jeweler. **Carleta Scott** is going to become a private investigator. **Alfred Vigil** hopes to be a railroad engineer. **Anne Frankenberger** will be the owner of Toys-R-Us.

Beth Titsworth will be the zookeeper of the Koala bears at the San Diego Zoo, and lastly, **Julie DeSantis** hopes to be a housewife.

Some of our friends just couldn't stay away from good ol' Nolan High. **Jennifer Altus** is the new band instructor. **Missy Echevarria** is still there learning to spell her last name. **Nick Ibarra** is there, now playing star quarterback. **Gerry Iglecia** is the ever popular physics major at Nolan. Speaking of physics, **John Phillips** is still idolizing Mr. Bright. **Sandra Castillo** is still the new Special Education teacher.

Rita Urritia, on the other hand, will move beyond a high school education to become business manager for the Texas Rangers. **Tommy Darwin**, having become president of the Texas Bureau for Economic Understanding, has finally discovered what capitalism is, and decided not to buy the Dallas Cowboys, again up for sale.

And lastly, but at no means the least, **Missy Strickland** will become a Lab Tech. x-raying young peoples' ankles who fall off chairs at ZZ Top concerts.

The future, notwithstanding, and time being the great equalizer, we therefore submit these names before the bar of History and ask time to go easy on us if we do not live up to these prophecies, and easier if we do.

Given this day 27 May 1984.

You've got a bright future. We'll do our part to help keep it that way.

Your generation will need as much electricity as is being used these days. Maybe more. We at Texas Electric are working to provide you with the electricity you'll need for college, your homes and your jobs.

In the past, we've used mostly natural gas and oil to make electricity. Today, we're making almost half of our electricity in plants built to use lignite coal. And, we're building a plant to make electricity using uranium fuel. By using these cheaper and more abundant fuels, we'll help keep your future looking bright.

l to r — Consuelo Hernandez, Phoebe Burger, Mrs. Judy Wingo, Cecilia Martinez, Mary Joswiak, President Cristina Hernandez, Janet Mata, Terry Hancock

Mrs. Judy Wingo, with the help of President Cristina Hernandez and the rest of the Language Club, plans Foreign Language Week at Nolan. This is the biggest event planned by the club. Each year, students from foreign language classes participate in ethnic foods bake sales, art and poster contests, costume contests, and lunch for the teachers.
